To whom it may Concern:

It is with great pride that I write this letter of recommendation for Brian Abbey. During the past approximately ten years that I have worked with Brian, he has managed to maintain an unparalleled level of excellence in the construction field throughout the years. He has the ability to foresee site differentials and bring them to the attention of architects and owners alike, efficiently sidestepping potential problems before they arise. His dedication to the quality and integrity of building has always been refreshing in this most difficult industry, and because of these qualities, the timely execution of projects has far surpassed his clients expectations. I recommend Brian Abbey and Dimension Construction Managements whole heartedly, and would welcome the opportunity to discuss my relationship and experiences with any potential party.

Are companies have worked together on at least four dozen projects totaling approximately 200,000 square feet

Please advise us if you require any additional information.

Very truly yours,
